Uniden[®]

love detail

It's a Digital World.

Uniden's Widescreen High Definition Televisions capture the excitement, the emotions and the dramas people experience every day. These televisions have been engineered to superbly reproduce the best of television broadcasting and the best of the new age of digital products. You'll love the detail and precision in the LCD's design and performance. The LCD's use a High Definition LCD Panel with brilliant dynamic contrast ratios and brightness levels to deliver crisp sharp images every time.

Uniden – A Digital Leader.

Uniden is a global market leader and innovator in technology, specialising in the development of outstanding consumer products. Our products are:

- Designed and Engineered in Japan
- Manufactured to the highest quality standards
- Sold globally in America, Europe, Asia, Australia and New Zealand
- Awarded for excellence
- Enjoyed throughout the world for the last 40 years

Equipped for Tomorrow's Digital Home – FULL HD 1080p and Integrated HD Digital Tuner

Uniden LCD TV's are designed for tomorrow's digital home. The 42" LCD provides FULL HD 1080p viewing and the 32" and 27" allow you to experience High Definition through their 1080p inputs. All three LCD's have an integrated HD digital tuner allowing you to enjoy crystal clear digital viewing, including accessing additional digital-only channels without the inconvenience and expense of an additional set-top box. The LCD's have twin HDMI inputs (high definition multimedia interface connections), SRS TruSurround XT and Dolby Digital for superb sound reproduction, and have a multitude of other connectivity inputs. These enable you to connect a vast array of visual and audio equipment including DVD Players, Blue Ray Players, Playstation 3, Xbox 360, Nintendo Wii, Multi-Media Systems, Home Theatre Systems and Video Players.

Earth Friendly High Definition LCD TV's

Designed and engineered to achieve the Energy Star Standards and being ROHS Compliant means these LCD TV's are one of the most environmentally friendly LCD TV's in the Australian and New Zealand markets today. Uniden's televisions have been superbly crafted and are

available in a stunning high gloss white or black finish. Their design will bring a fresh contemporary style to your home.

These flat panel televisions come with a display stand but can also be wall mounted. The LCD's are available in three different sizes to suit any home – 42", 32" and 27".
